Greetings from the Hierarchy. Greetings to each of you. Light and love to each of your hearts, minds and your souls. May they merge together in oneness. May they come together in service. May they go forth in light and love.

Peace my brothers, we come to you to present this message. Each of you at this time are struggling doing much growth, much learning and at times it feels as though you are in the bottom of a swamp, digging your way through mud and weeds. It's as though you are being pulled downward rather than upward by all of the activities around you. Remember that when one reaches up toward the light and strives to gain understanding and wisdom and tries to become of service to that light that the physical realm below does not wish to let go of the soul that searches out that light above. And so it becomes as a quicksand pit pulling you ever downward keeping you ever involved in this reality, trying to keep you involved in the physical realm rather than allowing you to expand your mind, your heart, and your soul upward into the spiritual realm, upward into the light. So somehow you must find a way to let go of these physical realities, these physical things that pull you back downward once again and let your heart, your mind and your soul reach upward instead toward that light for the solution.

It is very important to realize that as long as the things around you in the physical world keep drawing your attention away from that light the physical gods have won. The physical realms have kept another soul bogged down in this reality. What you must strive to do is to move upward, ever upward to the light. Let go of the things of the physical, let go of the emotions, let go of the ideas that do not have anything to do with the reality of spirit and search out only the spirit within. And in that searching and in that finding you will find the inner reality that you are to be of service to.

It is that inner reality then that will give you the light of service to go forth in to the world both as an individual and as a foundation. So search first for that individual light and find that individual light, that light within and then as a group you will be able to go forth as true servers of the light and as true focus points of the light. Release and allow God to control the things in your life. It is very difficult in the first stages to do this, but trust in Him and He will take your hand

and He will pull you up from the mire and into the light.

The foundation has begun to develop. It has given birth to an idea that is becoming reality. It has laid a foundation and is beginning to shore up that foundation to strengthen it before it begins to build further. And each of you are part of that foundation that is shoring up at this time, trying to strengthen, trying to grow. And each of you are in a sense going through much in order to strengthen your own being. But it will be from this strength of the foundation that has been laid that the whole organization of the Fetzer Foundation will grow and become what it needs to be. It won't be until that foundation is strong that the Fetzer Foundation can really go forth and accomplish as it should. So each of you now must grow, each of you now must learn, each of you must become stronger individuals in the light, in that reality in order to be of service to the outer world and to aid it in its time of change and growth. Just as you individually and as a group have gone through a great deal of change, a great deal of growth in order to begin to find the light within yourselves, so too the world is going through this. And you are going through it not only for your own benefit and growth but so that in time you will be able to help others to go through it as well. Realize this, accept it as a challenge and as a point of service in your life and daily continue to grow, daily continue the development of love and light in your being.

We of the Hierarchial council bless you, salute you and give you our light and love daily. We of the Hierarchial council are ever present with you. Call out for us to be there and we will be. Ask for our aid and we shall take your hand and give it. Do not forget that we are ever present in your heart and in your mind and we of the Hierarchial Council send forth at this time, light and love unto each of you and unto the Fetzer Foundation. May it be filled with the Holy Spirit. May it be filled with the light of God. May it burn the non-existing light of love and may it become one with each of you.

Peace my loving children, peace. Feel the presence of the Holy Spirit touching each of you, blessing each of you. Become one, become light, become God. Blessings

my children until we meet again. Peace unto each of you. Love unto each of you.

Okay, well. I am going to close for now. I have to get onto work and need to finish packing for this trip that is coming up. I hope this tape will help a little bit. I don't know. I feel awkward in doing it on tape. I'll try it a couple of more times, but I may go back to writing cause it's really a lot easier I think. I don't know it flows a little bit differently this way.

At any rate, I love all of you very much and I think of you daily and every moment of the day. Each of you are very dear and mean something special because of what you are trying to do and what you are trying to accomplish and I know that the growth you are each going through is very hard at times but it's necessary. I really have to say that each of you are very special people for allowing yourselves to go through what you have gone through so far. It's not an easy path but it's a worthwhile one. It really is. At any rate, I love you all and I will hopefully be talking to you very soon again. I'll be meditating and thinking of you in Egypt a great deal and hopefully I will have a lot to share with you when I get back.

Bye, bye.
